It feels like I haven't seen you for a couple of years
when I really saw you the night before
I'm just sitting in my living room
wishing I could be with you girl

Every time I hold your hand
I feel like I'm on top of the world
Whenever I'm around you I get weak
and you know it's hard to speak
But now that you're gone
I can't go on

The stars don't shine like they have in the past
the night you left it seems like they never last
It used to be just you and me underneath the stars
my heart beating fast, and you know it's cause

Every time I hold your hand
I feel like I'm on top of the world
Whenever I'm around you I get weak
and you know it's hard to speak
But now that you're gone
I can't go on

Oooooooooo
I spend hours just smelling my hands
but now that you're gone
you know I can't carry on

Every time I hold your hand
I feel like I'm on top of the world
Whenever I'm around you I get weak
and you know it's hard to speak
But now that you're gone
I can't go on
Every time I hold your hand
I feel like I'm on top of the world
