Hey there
and how are you?
Here's where it starts
it's what gets me through
I'm sorry I don't remember your name
but I defiantly remember your face
And I'm sure
we've met before
Maybe at a party
or the grocery store
She asks
"so what do you want?"
I think and say
"Well let me be blunt"

I don't want to be alone
You might be my only one
I know I'm coming on strong
But I have waited for so long

I ask
"so what do you say"
She goes silent
and looks at me that way
She speaks up
"let's give it a try
but let me tell you
what I feel inside"

I don't want to be alone
You are not the only one
I know Mr. Right, he'll come along
and if it's not you then
I will have to say goodbye
