I need to see you tonight
feel your touch
and hold you tight
We could watch
the stars in the sky
as comets fly
through the atmosphere

I need to hear your laugh
I need to see your smile
But you are miles away
and I'm here without the girl
of my dreams

The light in your eyes
makes me weak
When your voice is sounding
I start to sing
And when you hold my hand
my heart can't help
but throw down a beat

I need you to hike up this trail
with me so I can prove
That the sight is beautiful
when we're so high up
But you are always gorgeous
no matter where we stand

You must know that I need your laugh
you know I must see your smile
But you're still miles away
and I'm still here without the girl
of my wildest dreams

The light in your eyes
makes me weak
When your voice is sounding
I start to sing
And when you hold my hand
my heart can't help
but skip a beat

I need to see you tonight
feel your touch
and hold you tight
