When I start out the day just thinking about you
itâ€™s makes everything so much easier that I do
When I look in your eyes I see love for a nation
when Iâ€™m holding you hand I feel a sense of
completion

I hope you understand
that I just wanna hold your hand
Cause when Iâ€™m sitting here without you near
I hope that you will see
that all I can think about is having you here
sitting right next to me

Every single night I wanna hold you tight
Stay up late and just contemplate
The things weâ€™ve done and where weâ€™ll go from
here
And if I get depressed youâ€™ll always make it clear

I hope you understand
that I just wanna hold your hand
Cause when Iâ€™m sitting here without you near
I hope that you will see
that all I can think about is having you here
sitting right next to me

When I see your face it takes me to a place
from reality to my fantasy
When your holding me, please donâ€™t ever leave
I need you by my side cause youâ€™re my shining
guide

I hope you understand
that I just wanna hold your hand
Cause when Iâ€™m sitting here without you near
I hope that you will see
that all I can think about is having you here
sitting right next to me (x2)

I hope you understand
that I just wanna hold your hand
