Oh Marisha how I wish  
a  
you could be here with me  
us  
You like to play your Volleyball  
and I wish that you would stop to call me  
us

You live in Beaver and you might become a weaver  
if you drop out of school  
Last year you came to Salt Lake City  
and at EFY you looked oh so pretty

Oh Marisha how I wish  
a  
you could be here with me  
us  
You like to play your Volleyball  
and I wish that you would stop to call me  
us

You really want to be an SBO  
I hope you know that he has BO  
So stay away from that guy  
he will try and get you high  
Now that you have heard our song  
we hope that you will sing-a-long with us

Oh Marisha how I wish... a...  
you could be here with us  
You like to play your Volleyball  
and I wish you could stop to call us
