"Welcome To The Atmosphere"

I saw you for the first time
And ever since I've been hoping to see you again
I can see you everyday
on posters I know
but you couldn't be more far away

Welcome to the atmosphere
be with me here
You're so far away from everything
You came and found me
because I was lost and now I'm found
But why where you so good to me

But now she's gone
so far away from everything
and I miss her

Welcome to the atmosphere
be with me here
You're so far away from everything
You came and found me
because I was lost and now I'm found
But why where you so good to me
