Standing at the bar  
And your eyes are telling me come closer  
But if you could see me dance  
There's no way that you would let me hold ya  
I feel you pulling on my hand more  
and dragging me to the dance floor  
all my inhibitions fall away  
feel the rhythm of the track  
and telling the DJ pull it back...  
With a whisper in my ear I hear you say  
Softly do you feel that you could love me  
and want me  
more than anybody else  
but then again  
It could just be the BASS LINE  
That made me close my eyes  
opened up my mind  
Could you come back with me tonight  
It's not the first time  
that we've been on our own  
So I'll hold you close  
And never let you go  
you can keep me on the dance floor  
but I don't wanna waste your time  
Feel the rhythm of your hips more  
It makes me wanna taste your wine  
Its getting hard to keep in time  
When I'm looking in your eyes  
Everyone but you just fades away  
feeling the rhythm of the track  
and telling the DJ pull it back  
With a whisper in my ear I hear you say  
Softly do you feel that you could love me  
and want me  
more than anybody else  
but then again  
It could just be the BASS LINE  
That made me close my eyes  
opened up my mind  
Could you come back with me tonight  
It's not the first time  
that we've been on our own

So I'll hold you close  
And never let you go  
How, could I take you home tonight  
I should be hailing a cab  
But i don't wanna leave just yet cos I know  
It could just be the BASS LINE  
That made me close my eyes  
opened up my mind  
Could you come back with me tonight  
It's not the first time  
that we've been on our own  
So I'll hold you close  
And never let you go
