Hardly warm you're not feeling normal  
Your pulse is faded, could use first aid  
Now you private matters need looking after  
It's way too late, though, the show can't wait  
It's a private screening of life's last gleaming  
Your private glory, your personal story  
And you're the hero, approaching zero

Now, now, now  
Speak your last line

Make it good 'cause your tongues like wood  
You've got sticks for your arms, it's no false alarm  
It's your last hurray, the final straw  
And i'm not sorry, it's not my worry  
Â´Cause I'm the knife that is full of life  
Where there once was we, now there's only me  
And you're the hero, approaching zero  
Now, now, now  
Speak your last line

Should I've warned you that I'm not normal  
It's build on tears full of nagging tears  
And there is no cure, now it's too obscure  
It's TV movies, it's Punch and Judy  
It's things obscene on the shining screen  
It's a killer's story, a moment's glory  
And you're the hero, approaching zero  
Yes, you're the hero, approaching zero
