=====

Let's go out and see what we see  
Let's go out and see what we see  
Just you and me just you and me  
And there will be no other brother  
Brother  
We'll knock back a few and talk about life  
We'll knock back a few and talk about life  
And what is right and what is right  
We'll talk about life and what is right  
And there will be no other  
Brother, buddy, pal, comrade, friend  
Buddy, pal, comrade, friend  
Until the end  
A shake of the hand, a pat on the back  
A shake of the hand, a pat on the back  
A knife in the back, a knife in the back  
I'll buy you a beer, a knife in the back  
And there will be no other  
Brother  
We're one in the same, you and me  
We're one in the same, you and me  
We're brothers, brothers in arms  
We're friends until the end  
We're brothers, brothers in arms  
Until the end  
Your end  
Brother rat
