~~~~~

You tell me I should not be  
All by myself, that's good advice  
I'll hum a tune and break the ice  
'Cos I'm lonely  
Everyone looks good to me  
But I'm afraid that I can see  
That good intent and honesty  
Do not redeem stupidity  
When all is said and all is done  
You either know or down you go  
Into the pit of shallow wit  
With all the other hypocrites  
You're not bad, you're not good  
You're a solid block of wood  
You have eyes but cannot see  
Why I despise your company  
I am lonely  
People come, people go  
They put on their little shows  
See them laugh, see them cry  
See them live their little lies  
I'm alone with you  
And I'm lying too  
I'm alone with you  
And you're lying too  
Oh, we are all liars  
And that's all that's true  
I'm alone with you  
I'm alone with you  
I'm lonely  
Lonely  
Lonely  
Just a lonely guy. Yup, that's me...
