Visit "[The Phone Call](#)" on MotoLyrics.com

I had to call, I know it's late
I had to talk, I had to hear you
Say something, say anything

The line is silent but I feel your breath
That silence - it's death, it's death
It's killing me

There is so much that I regret
I can't exist like this
I need forgiveness

Play along now ,keep him on now

Across the boundaries of time and space
We will hunt him with our deadly trace
I was sitting home on my own
I just thought I would phone
Just thought I would phone, yeah

I got your number and I know where you live
I don't wanna hurt you, I just want to give
My heart my heart, do you hear it, IÃfÃ...Ã Ã,Ã! rip it
out

I still hear those cries and those tears
That look in your eyes
I just wanna apologize
IÃfÃ...Ã Ã,Ã! sorry, god, IÃfÃ...Ã Ã,Ã! sorry

All that IÃfÃ...Ã Ã,Ã³e done all my mistakes
I can't live with my disgrace, IÃfÃ...Ã Ã,Ã! damned

Play along now, sing a song now
With the aid of our technology
We will suck him down eventually

I was sitting home on my own I
Just thought I would phone
Just thought I would phone, yeah

Listen to the bells, listen to the bells

I am a crab, I live in a shell
You call this living, I call it
Hell! I'm living in hell

I see your picture on the bedroom door
That's all I have to hang onto
Anymore

That's all I've got that's just one voice, it's
loud and it's clear
The day of judgement, it's here

Play along now, sing along now

I was sitting home on my own
I just thought I would phone
Just thought I would phone, yeah
