the sword of truth is just another weapon  
let me live for just one more second  
i see a woman, she's holding flowers  
a bouquet of roses that are blood red  
from a burning building, a man leaps to his death  
i stand above these mansions of the dead  
red tombs and above us looms  
the tower  
i see red  
i see a tower against the sky  
beneath a red unblinking eye  
radiowaves curve and cross  
i stand below them - lost!  
above me is a black obelisk  
and the dangers that i risk  
here gather the ghosts of the mind  
that tear my heart and here i find  
all the traps that have been set  
everything i would forget, beneath  
the tower  
i see red  
i see a tower against the sky  
beneath a red unblinking eye  
violence is close at hand  
you are damned if you do  
and if you don't - damned!  
a red eye, tyrant full of hate  
glares from the sky, it's captive state  
if it should blink or deviate  
a thousand worlds would obliterate  
i do not move, nor do i speak  
beneath that hard and pitiless peak  
of concrete, steel and antennae wheels  
the tower  
i see red  
i see a tower against the sky  
beneath a red unblinking eye
