[Verse 1: A\$AP Ant]

Coke and white bitches know how that goes  
For the white hoes in the Phantom, Rolls  
Sipping on tuss life moving slow  
Look at my dick, that's hella hoes  
Toke on the weed, that's hella dro  
Six four, my fo' do'  
Head tilt, my waist low  
Love my music, she love my flow  
Caked up that's lots of dough  
More shows, more bank rolls  
More ones ass to her pole  
Tip her good, drive ass low  
Real nigga to the gum sole  
You talk shit, get body holes  
Toot, toot to the big nose  
Snot nose throw it in my cup  
Marino, we draped down  
Drug hoes, still coked up  
Triple beam for the pots and pans  
Benz outside, big sedan  
Bigger body, be the five fifty  
Drop top, no titties  
Parking lot pimpin got them hoes with me  
Parking lot pimpin got them hoes with me  
Tour of town, shut the cities down  
Left your hoes, at the shows  
Another day of my life, now  
Another day of my life, now  
Getting money till my time froze  
Ice watch no tick-tock  
One look, you'll get shots  
Make you wet till your blood stops

[Verse 2]

Ridin' around in that space ship  
.44 pound grip  
I-95 bound whip, get the money outta town quick  
Flip a pound like a camel bitch  
Helicopters for my bricks  
In the air, champagne crisp  
Go like the ball, I'm sipping, bitch  
8 clip, gun breaks, South flick, fancy clothes, bad bitch  
Fuck with me, bands make her dance  
That's how fast a car go  
Smooth nigga whole figure, run around the mall  
Every day I gotta ball, never fall 'till the casket drop  
Watch the paint drip, I just took your bitch you all sad  
and shit  
Switch the Caddy up to the big Benz  
Spending last years ends
