Inviting silence and dark pulses of void  
Deceived me to trespass true  
Only the darkness and silence decided  
They forced me to extinction

Where is the darkest place  
Where are my thoughts  
Core of you, crying blood  
Bleeding tears, nameless soul  
(x2)

We are dark ones  
Our masks smiles beneath  
Our face are none  
We fear no death

Kill the one be yourself  
And slip between my fingers  
Never go away like breath in the freezing air  
Let my tears race with you  
As you glass-break on the ground  
Let me free  
LET ME FREE!

Where is the darkest place  
Where are my thoughts  
Core of you, crying blood  
Bleeding tears, nameless soul  
(x2)

We are dark ones  
Our masks smiles beneath  
Our face are none  
We don't know death

Let me free! (x3)

(Solo)

The dark ones..  
Our masks..  
Our faces..

We fear no death!
