"The End Within"

Visit "[The End Within](#)" on MotoLyrics.com

Our path is clear
And the time is forgotten
No sound or vision
Unknown is the destination

Future becomes weaker
As it comes closer to now
Time is unknown
And the path forgotten

Time is unknown
And the path forgotten

Every step I take
Makes the way shatter
That I left behind
Burden is the past

Cautiousness fades
With the sight of the end
No darkness neither light
At the end is only void

(Solo)

You don't hear you don't feel
When you search for a meaning
All the things you had
HAS GONE!

Whispers have come like the wind
Repeating your name
Echoing the voices of all
That you love

Feeling of a breathe
That you try to take
With a burst of pain
From that all you fear

Every step I take
Makes the way shatter

That I left behind
Burden is the past

Cautiousness fades
With the sight of the end
No darkness neither light
At the end is only void

(Solo)

Our path is clear
And the time is forgotten
No sound or vision
Unknown is the destination

Future becomes weaker
As it comes closer to now
Time is unknown
And the path forgotten

Cautiousness fades
With the sight of the end
