I was thinkin bout you all day
I was thinkin bout you all night
I was thinkin bout you everyday
for the rest of my life

Nothing really came between us
It is just the distance
I really wanna feel
Being near your
existence

I need you in my life
You're missin half of it
From young til now
I want you!;

Chorus:
I want you so damn much
I want you in my life
I want you here
I want you now
I want you by my side

I feel like giving up
But I just can't
I feel like half is missing
Missing for you

(You~)

How are you feeling now?
What are you doing now?
I have all these questions up in my head
I feel obsessed for the answers
I really wanna know
I just want these feelings to go

Bridge:
Seeing people have one
Makes me feel ALL alone
I wanna have that too
But it's just impossible
