There's this girl  
Oh Oh Oh, girl is that you  
That I really really want her  
to be mine

There's this girl  
Oh Oh Oh, girl is that you  
That I really really want her  
to be my love

There's this girl  
Oh Oh Oh, girl is that you  
When it comes to her she makin me blind

There's this girl  
Oh Oh Oh, girl is that you  
D-d-do you wanna be-be ma-ma-my love

Baby girl can you, listen to me  
You and me,□□□ should now be together  
Do you know that, 1 to 4 to 3  
You should really, be my only one girl

Hear me,  
when, I  
when, I  
say I love you  
Really wish, that  
you, could  
love me too

Do you know, that  
know, that  
Really wish it could be real  
What I am dreaming about now

Girl I want, want  
want, want  
you to really know  
That I love, you  
love, you  
Very true

Know that I, Will  
I, Will  
love you for you  
Gonna be waiting until you say I do

Baby girl  
Oh Oh Oh, girl is that you  
It is true, you are the only one for me

Baby girl  
Oh Oh Oh, girl is that you  
It is real, that you are the only one love

Baby girl can you, listen to me  
You and me, should now be together  
Do you know that, 1 to 4 to 3  
You should really, be my only one girl

Hear me,  
when, I  
when, I  
say I love you  
Really wish, that□□□□  
you, could  
love me too

Do you know, that  
know, that  
Really wish it could be real  
What I am dreaming about now

Girl I want, want  
want, want  
you to really know  
That I love, you  
love, you  
Very true

Know that I, Will  
I, Will  
love you for you  
Gonna be waiting until you say I do
