Spendin' all my nights, all my money going out on the town

Doing anything just to get you off my mind  
When the morning comes, I'm right back where I started again

Trying to forget you is just a waste of time

Baby come back, any kind of fool could see  
There was somethin' in everything about you  
Baby come back, you can blame it all on me  
I was wrong and I just can't live without you

All day long, wearing a mask of false bravado  
Tryin' to keep up a smile that hides a tear  
But as the sun goes down, I get that empty feelin' again

How I wish to God that you were here

Baby come back, any kind of fool could see  
There was somethin' in everything about you  
Baby come back, you can blame it all on me  
I was wrong and I just can't live without you

Now that I put it all together  
Give me the chance to make you see  
Have you used up all the love in your heart  
Is there nothing left for me?  
Is there nothing left for me?

Baby come back, any kind of fool could see  
There was somethin' in everything about you  
Baby come back, you can blame it all on me  
I was wrong and I just can't live without you  
I was wrong and I just can't live

Baby come back, any kind of fool could see  
There was somethin' in everything about you  
Baby come back, you can blame it all on me  
I was wrong and I just can't live without you  
Baby come back
