I don't know what I would do
If you ever left me, If I ever lost you
This heart of mine would be dying
Shadows would shut out the sun
It would be a cold dark world
Without your love beside me
And how do I survive
If I don't have you here
Here in my life
Make me walk across
Across the burning sand
Make me hold the whole
Weight of the world in my hands
Baby don't, don't make live without you
I'd never make it
Don't, don't make live without you
Live without you
Live without you
Baby I need you too much
(Too much)
Never needed anything
The way I need your touch
If you ever go I'll go crazy
Take away all that I own
Take the very air that I breathe
My very heart and soul
Baby, don't take your love from me
Cause if I don't have you here
I don't have a thing
Make me walk across
Across the burning sand
Make me hold the whole
Weight of the world in my hands
Baby don't, don't make live without you

I'd never make it
Don't make live without you
The weight of the world in my hands
Make it through the day
(Through the day)
Make it through one night
(Through the night)

Without the one that I need in my life
Baby don't, don't make me live without you
(Don't make me live with you)
Live without you
Live without you
I need you here in my arms
As long as I live
As long as I breathe
I need you here
Cause I neeeeed
Don't, don't make me live without you
(Don't make me live without you)
Make it through the day
(Through the day)
Make it through one night
Without the one that I need in my life
Baby don't, don't make me live without you
(Don't make me live without you)
Don't, don't make me live without you
(Don't make me live without you)
I'd never make it
Don't, don't make me live without you
Don't make me live without you
