Yeah baby

Girl I love you, girl, I'm so sorry  
I never told you as much as I could have  
I never listened to what you were saying  
What you were feeling

All of your hurt, girl, I wished I could see  
I was too busy just thinking of me  
Now is there a way, I can make you stay  
On my knees begging you, please

That's how much I love you  
I'm willing to do anything  
Whatever it takes, I'll be there for you, baby  
Forgive me, and let me show you

That's how much I love you  
I swear that I'll do everything  
I'll give you my all, my heart and soul  
I'll do more than try, don't say goodbye

All of those nights, girl  
We were together, you were alone  
I was so blind babe  
To see your tears thinking nothing was wrong

All of your hurt, girl, I wished I could see  
I was too busy just thinking of me  
Now is there a way, I can make you stay  
On my knees begging you, please

That's how much I love you  
I'm willing to do anything  
Whatever it takes, I'll be there for you, baby  
Forgive me, and let me show you

That's how much I love you  
I swear that I'll do everything  
I'll give you my all, my heart and soul  
I'll do more than try, don't say goodbye

You are the best thing that's happened to me  
It had to take this to make me see, baby  
You're the one thing that I know I've done right  
And I can't let you walk out of my life

All that I wanted was just to love you  
And, baby, I swear now I'll know what to do  
Baby please hear me, won't you please stay?  
Give me a chance, don't walk away

That's how much I love you  
I'm willing to do anything  
Whatever it takes, I'll be there for you, baby  
Forgive me, and let me show you

That's how much I love you  
I swear that I'll do everything  
I'll give you my all, my heart and soul  
I'll do more than try, don't say goodbye  
That's how much I love you
