In and out

Nice and slow babe

You know, you know you're for me

I wanna tell you baby

I've waited for so long

Fantasized in my mind

You and I we'll slow grind

The feel of your body, your skin

Rubbing up next to mine

Your leg I wrap around

Baby you know I'm down

In and out

Nice and slow babe

I'm gonna give it to you

Like you give it to me

In and out

Deep all night babe

When I'm there inside

That's where I wanna be

I know you like it too much

And baby so do I

You know it looks so good

And it feels so right

Just a thougth of you

Makes my yearning rise

Any time, any place

I wanna be inside

In and out

Nice and slow babe

I'm gonna give it to you

Like you give it to me

In and out

Deep all night babe

When I'm there inside

That's where I wanna be

In and out...

Candles very low

Shadows on the wall

Our bodies up and down

Girl, I hate to talk

Not much new

Baby, come with me

In and out
Nice and slow babe
I'm gonna give it to you
Like you give it to me
In and out
Deep all night babe
When I'm there inside
That's where I wanna be
In and out
Nice and slow babe
