in a bad situation and aint nothin changing don't know
why i stay down for you
and I'm always complaining about what your saying
cause it never turns out true
so ima cry when i need to cause im hurt behind you
thats all i can do
be a bitch when i need to cause I'm frustrated with you
thats all i can do
ignore you when i need to cause i don't wanna hear you
thats all i can do
but one things for certain is that i deserve it cause i
stay with you
and all my friends say I'm trippin and i know it oh oh i
know it oh oh
and all my friends say I'm trippin and i know it oh oh i
know it oh oh i know it
i just wish you were different and you know it oh oh you
know it oh oh you know it
and i just wish you were different and you know it oh oh
you know it oh oh you know it
we live in a generation where dudes say they don't
care and claim were not together
but they sure make it feel like were together cause
they're quick to check us when were with somebody
else
so ima cry when i need to cause im hurt behind you
thats all i can do
be a bitch when i need to cause I'm frustrated with you
thats all i can do
ignore you when i need to cause i don't wanna hear you
thats all i can do
but one things for certain is that i deserve it cause i
stay with you
and all my friends say I'm trippin and i know it oh oh i
know it oh oh
and all my friends say I'm trippin and i know it oh oh i
know it oh oh i know it
i just wish you were different and you know it oh oh you
know it oh oh
and i just wish you were different and you know it oh oh
you know it oh oh you know it

maybe I'm trippin trippin maybe I'm trippin trippen
maybe I'm trippin trippin maybe I'm trippin
