Once again I am faced with conflict  
Another challenge of life I will test  
I am changing, I am changing  
All who I am.

No more time for any distractions  
And walk away from any detractions  
I have taken, I have taken  
All that I can.

Cut-I'm never gonna get away  
If i don't ever make this change  
Cut the weight and  
Fuck all the human waste

Cut-they're never gonna take away  
The vision that I portray  
No time to waste  
I cut all that's in my way

With a breath of a fresh new light  
I will start again  
And say goodbye to all of my fake friends  
Rearranging, rearranging all that I have

Remove myself from more than I need  
Separate from those who doubt me  
I am changing, I am changing  
All that I am

Cut-I'm never gonna get away  
If i don't ever make this change  
Cut the weight and  
Fuck all the human waste

Cut-they're never gonna take away  
The vision that I portray  
No time to waste  
I cut all that's in my way

Close my eyes and take a look at my life

Think of all the ways that I've been denied  
Is it pride or is it timing  
It's taking time but the road I'm finding

Healing back now from the  
Wounds that I've made  
Stabbed myself a thousand times this way  
To keep my pace up with the hill I'm climbing  
I'll cut the ties of those that bind

Close my eyes and take a look at my life  
Think of all the ways that I've been denied  
Is it pride or is it timing  
It's taking time but the road I'm finding

Cut-I'm never gonna get away  
If i don't ever make this change  
Cut the weight and  
Fuck all the human waste

Cut-they're never gonna take away  
The vision that I portray  
No time to waste  
I cut all that's in my way
