Here I am searching my insides.
Searching my insides to figure it out.
I cant take it.
Here I am facing the outsides.
Facing the outsides looking it down.
I cant take this.

I wanna take it all, I wanna take it all.
I want everything so god help me.
I wanna take it all, I wanna take it all.
I want everything I can't take this.

Here I am bring the world again.
Taking the fall again.
Back to the start again.
Fuck me.

Here I am spittin it out again.
Breathing it out again.
Got to get out of here.
Fuck this.

I wanna take it all, I wanna take it all.
I want everything so god help me.
I wanna take it all, I wanna take it all.
I want everything I can't take this.

Here I am facing the world again.
Facing the all again.
Feeling alone again.
Help me.

Here I am living it out again.
Living it down again.
Taking it down again,
Fuck me.

I wanna take it all, I wanna take it all.
I want everything so god help me.
I wanna take it all, I wanna take it all.
I want everything I can't take this.

Why care, what is my direction?
Why care, what is my reflection?
Why do I care, there is no connection?
Why care, what is my direction?

Here I am searching my insides.
Searching my insides.
To figure it out.
I can't take it.
Here I am facing the outsides.
Facing the outsides looking it down.
I can't take this.

I wanna take it all, I wanna take it all.
I want everything so god help me.
I wanna take it all, I wanna take it all.
I want everything I can't take this.

I wanna take it all, I wanna take it all.
I want everything so god help me.
I wanna take it all, I wanna take it all.
I want everything. I want everything.
