Release from my pain fail me feelings
Although it's hard to see imagining a dream awoken
from to see the sun shining
So tell me how it's gonna be
A kind of annual autumnal grief perennial depressive
state
Puts stills upon the mind's eye
And helps me fare this time away from you and sing
this grief away until tomorrow
Forever

Somebody wake me up shake from me those tears that
I need to fall
All the meanwhile

Inspiration to concise to paint the canvased fragile
mind of one
To see what some believe as stars that burn the
brightest be
The quickest to extinguish flames of soul that bear
their gentle ways
Into eternal life it will stay forever with me
Forever
Can you hear me?

Somebody wake me up shake from me those tears that
I need to fall
All the meanwhile all the while I'm uncomfortably numb
for once
Can't acquiesce I'm searching for the answer
While I feel like something is missing

And if those days with you were a dream
And when you left me I would be waking
Then I wish forever sleep to heal these hearts of ours
still breaking over you
All the meanwhile
All the while I raise my glass to you as I set these words
to tune

Somebody wakes me up shakes from me these tears I

needed to fall
All the meanwhile
All the while you're gone
