Yeah right there

Great they trappin the house with that tratchin
You'd better get back man the ecstatic it's automatic
Like weapons in packs then
Everything I rip like I'm tryin to get
It's not your iTunes, first class with the window sheets
Bumping every...
TRI double since 9-6
Spit crack you... fix,
Making it in LA you're... with your chicks,
Rap cast Jack you know they rob bitch but I'm here to
stay
Switch flows like oil spill
Shoot em up wit that quick escape
Original consider the seminal we cast like criminals
Could've been one but I'm into bigger news
What that... now I'm a walking legend shines eleven
This pitch cool days damn if I damn been waiting the
step
So now I rap with checks and like viva la...
The best your test your texture but I don't feel you

2 x Hook:

Listen up when I'm rob me
Very rare when I'm kicking
You barely hear what I'm spitting
That's why I got more flows than you
I'm making hot
MC's won't even stay close to you

No woo tang but I got that method man
I tickle why but they obsessed they bear with me that
couldn't stare

We knock em all then go to sleep

A lot of tease you, Iâ€™ma need you
Cut the checks and send the hoes that play my vibal

Donâ€™t you know you made it when haters make rumors
