Hey you, believe it or not  
But I find you pretty attractive, hey!  
I guess you don't know who I am  
And that's ok, 'cause I don't give a damn,  
That's right

So what's your name  
Am I insane  
If I call you baby  
Right now for the first time  
I wanna wake up with you every fucking day

Burn the pictures from yesterday  
I thought I loved you, but my hate is in the way  
This is the hour when I regret  
Everything I promised you is not what you will get

You're lying next beside me  
Breathing silently  
My conscience catches up  
Like always, killin' me

How about people  
Leaving me alone  
'Cause every god damn day I try to love them  
But I feel I'm doing wrong

How should I live  
This life  
Now when I know  
That I am lost inside of me  
How should I live  
My life  
Now when I know  
That I am dead inside

Burn the pictures from yesterday  
I thought I loved you but my hate is in the way  
This is the hour when I regret  
Everything I promised you is not what you will get

(Yeeeeeeeeaaaaaaaaaaaaaaaaah! )

Burn the pictures from yesterday  
I thought I loved you but my hate is in the way  
This is the hour when I regret  
Everything I promised you is not what you will get

So burn the pictures from yesterday  
I thought I loved you but my hate is in the way  
This is the hour when I regret  
Everything I promised you is not what you will get

Burn the pictures (burn the pictures)  
Burn the pictures!
