Every singel day has been a fucking conclution  
Trying really hard to find the perfect solution

But every damn night that I had you in my head  
It's all the same once when I wish I was dead

So bring me justice bring her to me  
Help me God I'm going crazy  
She's in my head and she's not leaving

So leave me alone  
I wont take it no more  
You evil fucking whore

I don't want no buisness with a girl that never smiles  
I don't want no buisness with a girl that allways lies

Stay low tomorrow now hear me all  
Here comes scarecrow and I will fall

Refr  
No more  
Watch out for the scarecrow my friend  
Let's place her on field too stay  
Watch out for the scarecrow my love  
Don't let her make you run away

Every singel day has been a mental disaster  
Trying really hard to make the days go faster

But every damn day that I had too be with you  
It's all the same days that I wish I could die too

Bring me justice bring her to me  
Help me God I'm going crazy  
She's in my head and she's not leaving

I don wan don't want want to be too close to be you  
You can't see see can't you see what I don't wanna be

I don't want no buisnees with girl that wants me bad  
Bring me justice bring her too me I will make her sad

I want want to too to you  
You see can't see I
