Burn this room down
Place me on a chair
For all I care

You're telling me I'm crazy
I would call it lazy

Let the room
(Let the room)
Burn down

Blow my heart apart
You don't give a shit if I live or die
I don't wanna be a part of this
No more

Someone tell me why
I just wanna know
So I can die
Tell me why you're leaving
I can't tell this feeling
Let the time pass by

So we've been together
For a year or two
And you're angry because I don't know
But I've been busy loving you

I don't have the money
To be the one you really need
All I give is who I am
And poetry to read

Someone tell me why, I just wanna know
So I can die
Tell me why you're leaving
I can't tell this feeling
Let the time pass by

I've been living a dream
But everyones awake

And everytime I try to catch up
Its when I nearly break

Now we've been together for a year or two
And everytime I am feeling good is not because of you
I don't know what I'm doing wrong but people seems to fade
Now I don't care cause I'm sitting on a chair and this is what I made

Someone tell me why
I just wanna know so I can die
Tell me why you're leaving
I can't tell this feeling
Let the time pass by

Someone tell me why
I just wanna know so we can try
Tell me why you hate me
Tell me who I should be
Let the time pass by

Now I really know
What you need is rock n' roll
And if you're not gonna like it
Baby, that's your call

I don't care if I'm using my mind
I don't wanna know
Leave me alone,
Go never come back

I love rock n' roll!

Someone tell me why,
I just wanna know,
So I can die
Tell me why you're leaving
I can't tell this feeling
Let the time pass by
