Visit "[Your Last Breath](#)" on MotoLyrics.com

I've been walking alone down by the waves  
Hours and days

I've been sitting alone  
I've been watching my past  
Yeah, you made me last

And I wonder how it would be  
If you could just sit right next to me  
Today, tomorrow and always

We lived and I loved you 'till the last breath of me  
Now all I have is all that I miss  
You lived and I learned how life just could turn  
Now all I have is all that I miss

Now I'm waiting for something down by the waves  
Whisper my prayers

Now I'm wishing for something  
My wishes are you  
Let it come true

And I'll take this guy out of the blue  
Just to be with you  
Today, tomorrow and always

We lived and I loved you 'till the last breath of me  
Now all I have is all that I miss  
You lived and you learned how life just could turn  
Now all I have is all that I miss

Stay with me  
I couldn't live another day  
Without you on my mind  
Stay with me  
I couldn't live another day  
Without you on my mind

You lived and I loved you 'till the last breath of me  
Now all I have is all that I miss  
You lived and I learned how life just could be

Now all I have is all that I miss

We lived and I loved you 'till the last breath of me

Now all I have is all that I miss

You lived and you learned how life just could be

Now all I have is all that I miss
