(Hook)

Black doves, white crows, see what the truth about
what we know

You see it's white crows, black doves, what is it of to
come from up above (2x)

(Verse 1 – A.Tone Da Priest)

The pleasure of the kill, the fear of commitment
The certainty of death, the protest of being innocent
And intimate with one we'd rather be one till were
done

All alone embrace unknown, and mistake evil deeds for
fun

You'd think we'd come so far but really stepping
backwards our progression

Replacing faith with knowledge, forgetting old lessons
Oh what a blessing, prey for selfish needs this greed
sustain us

The poor feed the rich, while entertaining all us
Cause pain is pleasure, struggling makes u better
And we got expirations yet change predictably like
weather

As if were here forever, sheep directing trendsetter
Time lender, collecting debts on your life see you're a
spender

Main offender, the one that got away, focused
attention, my mind is in the way

Speak loud with none to say, prey without Christ to obey
Engaged to doom, it'll all end soon now any century

(Hook)

(Verse – Sean Spellz)

I know it's seeming like some actors worship Satan
Kill their careers we don't give a fuck

We just blow smoke around joke around, we in the
south

We don't Satan, my nigga we say tin (ten)

Pissed on a lodge that the building for the masons
And the fuck bitches from the Travel Lodge to the
Day's Inn

The Super 8, you think this is trash, complete opposite
from my producer take

In the game man ya'll so late, want to upgrade

yourself I say use this tape
And the verses, to help you get your cake
I need a chick that gets more fine, over time like Ricki
Lake
Most birds stick to me I shake, on to the next chicken
who ain't bitching
Bout the shit I'm pitching, just one being still tripping
off the shit I was hitting
Still ain't done seen
