[Verse 1]

The world is crumbling round me / This system's
coming down see
Don't want to be the first to go
I know I said it but they never wanna hear me / In bliss
neglect the fear
Peace at last it's nothing but a show

[Verse 2]

We folding quick and falling / The door don't stop
revolving
To hell the fires calling out I hear them talking on
They screaming that they all in / Persistently they
stalling
No survivor's cause they live in doubt

[Bridge]

Well, I got so much to speak but I rather not say
I hear my fate calling but I never obey
I swear they wanna stop me tell me live their way (But I
can't)

[Hook]

The one who stands tall will be the first to fall
If you play by the rules, then you'll get it all
And the one who's too loud will be the last one that
they call
