Get up and go start your day  
Say it with me, we gone get this pay  
Get up and go (4x)  
Get up and go, whatchu gone do  
You the only one can make your dream come true  
Get up and go (4x)

Get up and go, we on the road again  
On a track I'm back n fact you know it's gone explode  
Again  
Caint gloat or show em man amazing ingagin shit I'm  
Spittin  
My description is my vision very vivid you should  
Listen  
Missin neva that in fact I'm pickin up the slack  
For the ones up in the back who couldn't keep up with  
The pack  
I'll make a pact, whatever the timen I'll be grinding  
Riding fast through life, so cold like ice a star  
Because I'm shining  
Rhyming quick be cause I'm lively, lines be jumpin off  
The sheet  
Just cruising boostin volumes fallin all into the beat  
Get so high to get so deep, a twisted source of  
Inspiration  
But my mind is my creation, I achieve through  
Concentration  
Breakin barriers impairing your ability to reason  
Even if I wasn't the best you cannot say your not  
Believing  
We're not even close even, othas wonda why I'm risen  
It's my timen plus I does these things which bring my  
Dreams to life man

The fact is, ima bring the track right back quick  
Herbal medication cause my flow is so sick  
I make hit's, catch you off guard it's a knockout  
Shocked bout this give you something to talk about  
A walkout, shout give me mine I'm fidna take it  
Cake we bake at rates that make the haters aggravated  
Craven hazen blunt so break a dutch up we be puffin  
Nothin short extraordinary, spare me need no

### Introduction

It's in you that I am trustin, are you trustin in me  
They say there ain't nobody like em would you tend to  
Agree  
Can you take this heat, fur coats in the summer  
Impact, just a little lightning for my thunder  
I Wonder when I'm goin, cause I see no end  
When my leverage competitors no d so they offend
