Can get wild n crazy n my circle of people will let me go
Best shyt I smoke was that purple deisal medical
Da best shyt you smoke was something illegal from
mexico
Man consider yaself lucky if you on e at da texaco
Shouldn't have faced me I'm like a old tracy you not
lucky now
Should of bet on me shouldn't have let me go
Now loss of course this was a game of horse
Don't be ashamed you loss
All you want is change n a porsche
Gonna need more cash for that
You a chick wit attitude gonna need more ass for that
To get wit me o shifty shitty
Could never be me
Chedda should see me
Everytime you throw on a clever cd
You put tone n spellz in
I told em my knowledge rich but I'm no college bitch I'm
spellz not spellman

We wild over here, we crazy over here, get crunk off
the sound of a bass drum kick

Wild and crazy get ghost with ya ladies / it's ADP and
Dub S yea it's the sane team / Insane since a baby my
adolescent years / all alone getting blown tryna keep
good cheers / always held back tears, weary show no
weakness / Hard the exterior like the piece that the
freaks get / they saying going to deep yet I still persist /
never rhyme or drop lines that don't possess purpose /
the purp gets exhausted, so high I can't talk bet / these
shots bring me back to life from this pot nap / the
broads check want to know the status is he single
though? No, you can't lock me down but we can mingle
ho / singles thrown strip for me, can you hump the dick
for me / thinking I'm a whore, nah you just got me so
horny / Make a porn DVDs starring you birthing sex
stars / the best part, climaxing finding your spot x
marks

My accessories blend in my talant might say outstandin

Stand out in doubt wont have the upper hand when
I be zoned out thrown out is the doubt people had
My mind to twisted out lifted out of that diesel bag
Still lifted out my mind could talk bout my illegal past
Or the gifted route cause we all gone see good and evil
pass away today
But still gon need a bill that makes some illegal laws
legal pass

Before you proceed rethink this / we is hotter than the
sun on Venus / English language states that we the
greatest / plain and simple ain't no other way to say
this / hate is, fake yet always impending / I'm not giving
you these words I'm lending / and sending the
message addressing all these demons / we in a war
against what's good and obscene in
