You say you party, Ay! / We say it's life, uh huh / You
plan a weekend, but see we do this every single night
(2x)

I'm stepping out, night life, here I come another one /
for the book I'm on the lookout for a number one / To
get her done, fresh gear spearmint a rubber band /
damn my pockets fat so shots for my number 10s / 8
and 9s, under 7s go look for the other dude / no drama
I'm just P.U.I, don't mind my attitude / my eyes are
glued on a sexy body and she all good / money all
around my dear, we living like we all should / and we
all could arrange a get together / get away from here
to party two I'll get to know you better / I'd say you
better, don't wanna miss this opportunity / orbiting a
star mah, us and them, you and me / she flew with me,
live it up a night so incomparable / we rock star status,
she couldn't recall I think she scared to know / let her
go with just a dose but soon it had to end / cause for us
we keep moving sunrise sunset do it all again

Walk up in the party and I'm smoking on pollution / Yea
I pop X man but I'm not a mutant / So damn high
everything seems amusing, ha-ha, everything seems
amusing / Tryna hit her g spot, gotta make a slight
right / Yea I'm a pussy monster girls need a night light /
when I'm in the pussy it's an automatic night night / I'm
fresh to death, do you see that fucking white light /
These day every girl is a whore to me / yea I fuck em all
cause my dick likes minorities / your girl report to me,
but I'm no anchorman, I beat it up you short stroke
spank her man / Life is a party, it's a rave in particular /
living in the fast lane my death gonna be vehicular/ Life
is a party, it's a rave in particular / living in the fast lane
my death gonna be vehicular
