My heart is beating through the floor  
I can't control all my thoughts  
Time freezes just for a moment  
People walking everywhere,  
They don't stop just to stare  
Here we go it's all or nothing

I never thought it would be like this  
I'm stuck in a moment could this be it  
I'm finding it hard not to lose my mind  
But I'm stuck in the middle of time  
Come on and go, go you've got to lose control  
you gotta know, know  
If you're ready lets go  
You gotta take a chance and live it while you can  
This is who I am  
This is who I am

Now she's standing with her friends  
I'm wondering how this will end  
My eyes are blinded but I can see it  
Do I back it up with a dare  
Say it with my friends I can  
I didn't even mean to say it

I never thought it would be like this  
I'm stuck in a moment could this be it  
I'm finding it hard not to lose my mind  
But I'm stuck in the middle of time  
Come on and go, go you've got to lose control  
you gotta know, know  
If you're ready lets go  
You gotta take a chance and live it while you can  
This is who I am  
This is who I am

Close your eyes girl, go with it tonight girl  
Take a chance girl go with it tonight  
Close your eyes girl, go with it tonight girl  
Take a chance on me

I never thought it would be like this

Iâ€™m stuck in a moment could this be it

Câ€™mon and go, go youâ€™ve got to lose control  
you gotta know, know  
If you're ready lets go  
You gotta take a chance and live it while you can  
This is who I am

Câ€™mon and go, go youâ€™ve got to lose control  
you gotta know, know  
If you're ready lets go  
You gotta take a chance and live it while you can  
This is who I am  
This is who I am
