Chorus

Aww nah

They tryin to get involved

Girl stop playin let me break you off

She asked to hit my swisher

So I had to tell her "naw"

And she can't drank my liquor unless she takin off
them draws'

(Attitude)

Riding in my Challenger

Rims by 4G Auto

I'm looking for a star hoe

With an ass big as my Tahoe

Walk off in the club

And ball like there is no tomorrow

I don't need your tweeter follow

I just need for you to swallow

She must think that I'm jokin

So I be more specific

Bitch I know this may sound ludacris to you

But let me hit it

I don't need your seven digits

I much rather that we kick it

You from out of town I dick you down whenever you
visit

She asked to hit the weed

I'm playing my position

I Told her if she bend ova and stay in that position

Then She asked me what I'm drinkin

I said patron and crystal head

She just tryin to get a drank

I'm just tryin to get some head

Chorus x2

(Mr. Bob Marley)

Who this hoe thank she is

I do not know you girl

Matter of fact, fuck how you feel

Bitch damn near blew my buzz

No you can't blow my dro,

No you cant drink my drank

But if you drop it low down to the floor

I'll break the bank

Naw I'm just bullshittn
I never trick my dough

Don't play me for no Okie Doke
Hoe check my resume
Grew up on UGK
Bend it ova let me see itÂ bitchÂ

Lookin for a bad bitch
To show a little gratitude
