Ah ah ah, Oh oh oh ooh
ah ah aah ah ah

Ah ah ah, Oh oh oh ooh
ah ah aah ah ah

Ah ah ah, Oh oh oh ooh
ah ah aah ah ah

Come on now
Let it go

Come on now come on
Let's hit the road
Let's hit the road
Come on now come on

This is it now
look around
Take it from me, take it from me
Let it roll, let it ride
Come on now let it go

This is the moment, this is the time
She got my heart in her hands

Come on now come on
Let's hit the road
Take it from me, take it from me
Come on now
