If you try to draw in a single line
If you try to break it down in a single word
If you want to explain

You won't find it hard to summarize
You can do it easily with no pain
There's no much to tell

'Cause days and nights went by to fast
Shallow waters ran dry quickly
Though you'd disagree

No hard feelings, no regrets
Like baby birds do leave their nests
Flying away

There's a blizzard in my heart
There's a shadow in my eye

Oh there's nothing left for me to say anymore
Oh don't try to search a reason why it's gone

Don't say a single word
Don't take a single breath
Just hold still now

Don't try to set my soul on fire
Start controlling your desire
Let me breathe

Don't try to burst your protection
Keep up with your perfection
Don't lose it now

If it gets to hard to understand
I'll make it easy to comprehend
It won't go back

There's a shadow in my heart

Oh there's nothing left for me to say anymore

Oh don't try to search a reason why it's gone
Oh cause you know I won't shed a tear for you
Oh you got to start over again on your own

Nothing left to say

Oh there's nothing left for me to say anymore
Oh don't try to search a reason why it's gone
Oh cause you know I won't shed a tear for you
Oh you got to start over again on your own

Nothing left to say
