Summer in the sand, he's the drummer in the band  
drop  
the beat,  
she's the DJ at the board walk, I smile and I tan and  
her sandals in  
her hand rockin' the shades you can almost see the  
eyes  
lock what

Could be better than a party in the weather with the  
both of us  
together in the backdrop, everything was right and  
then  
day turned in  
to night, with the music and the lights that's when we  
stop, oh

Heard it on the radio sing it out loud, oh coming down  
to see the  
show uh, oh, oh everybody now heard it on the radio,  
uh  
oh, oh  
everybody now coming down to see the show, okay,  
listen  
to the

Story about the party about the glory about the summer  
that  
would raise the bar, anyone would tell ya it was chill  
it was Stella'  
the best time we had so far, everyone together always  
going

Never better and the good times go on and on and on,  
never will  
forget it doesn't matter where we're headed I'll  
remember when I  
hear our song, what, oh heard it on the radio sing it  
out loud, oh

Coming down to see the show, uh uh oh everybody now  
heard it on

the radio, uh uh oh everybody now heard it on the  
radio, uh, oh,oh,  
everybody now coming down to see the show!
