I see the sunrise in my eyes  
It shines as bright as you do  
What's the point of all your light  
If you don't know how to use it right?

I need someone  
To get me through the night  
But that special one  
Hasn't showed up in my life

Cuando vendras por me?  
Por favor apurese

Don't make me pray  
Don't make me pray

I won't pray for you  
I won't follow the things you do  
There's no me and you  
Sorry babe, we are through

Don't cry for me  
Don't make me pray  
Don't cry for me  
Don't make me pray for you

You make me feel like I could die  
When I look into your eyes  
But where's your passion? I'm lovesick  
Why do you make me feel like this?

I need someone  
To mend my broken heart  
But that special one  
Left my soul out in the cold

Please come for me  
I need somebody

Don't make me pray  
Don't make me pray

I won't pray for you  
I won't follow the things you do  
There's no me and you  
Sorry babe, we are through

Don't cry for me  
Don't make me pray  
Don't cry for me  
Don't make me pray

When the time comes  
I will rise up  
I will be the one  
To overcome your love

I won't pray for you  
I won't follow the things you do  
There's no me and you  
Sorry babe, we are through

Don't cry for me  
Don't make me pray  
Don't cry for me  
Don't make me pray for you
