I was lying, alone  
With memories of long ago  
My company when I'm my weakest,  
Here I am dying

You hold this in front of me  
And I promise I'll fight with all I am  
Didn't they tell you I'm a sucker for the dangerous?

Everything was so clear  
Dying was safe, and weakness was easy  
But I find my strength when you try to break me

You turn your back on me,  
But you were always part of my life  
Whenever you reach for me,  
I will fight with all the strength I have inside...

Ah...  
(Ah...)  
The gun's in my hands, and I'm on the front line,  
The sun is setting, I scream into the sky  
It rings out in the air, this is the war cry  
I look in the mirror, tears melt the war stripes  
And you will hear me, this is my war cry  
I look in the mirror, tears melt the war stripes...  
You will hear me, this is the war cry...  
This is the war cry...
