She tells me listen to my own defenses
I'm too caught up in everything
I try to think about the consequences
And why this doesn't feel the same

Hold on lovely
I'm to blame
My heart is lost
In you

Lets fall in love like we're still sixteen
(We let the walls fall to the floor)
Lets fall in love like we're still sixteen
(Without a doubt I have never been so)

Being alone has been significant
Trying to forget how to bleed
But when I noticed it was me she's choosing
I couldn't help but plant my seed

Hold on lovely
I'm to blame
My heart is lost
In you

Lets fall in love like we're still sixteen
(We let the walls fall to the floor)
Lets fall in love like we're still sixteen
(Without a doubt I have never been so)

(Come with me
I'll make it right
Our bodies touch
As the heat ignites)

Lets fall in love like we're still sixteen
We let the walls fall to the floor

Lets fall in love like we're still sixteen
(We let the walls fall to the floor)
Lets fall in love like we're still sixteen
(Without a doubt I have never been so)
