Verse 1

I honor Your presence, O Lord
Staying close to Your heart.
I walk beside You, ever adore You
Just hearing the mention of Your name. (chorus)

Chorus

No one can love You like I do
No one can hold You like I want to
My whole world is all about You
O " o - o - o " I always worship You

Verse 2

O how You amaze me, my Father
Painting stars in the sky
And blue ocean water, spectacular color
Held in the palm of Your hand. I tell ya (chorus)

Bridge

Can You feel my love for You?
I wanna give my all to You.
Can't You see that I'm in love with You?
I wanna live forever with You!? (chorus)
