(VERSE 1)

By myself for some time
There's nothing in my life
And everything I see reminds me of the pain

It seems these days just never end
And I'm my only friend
What better way to start again?

(PRE-CHORUS)

But with this time will come a reason
Together we will see a changing of the season
This is what we really need
And when I say "We"
I mean you and me

(CHORUS)

Let's go
We'll leave
Make all new memories

I need to know
Please show me
Take me home

Let's go
We'll leave
Make all new memories

I need to know
Please save me
Take me home

(VERSE 2)

How could I forget the times
with no one by my side?
I'd trade it all for just one chance at something new

The time has come to stop this game
And throw away the shame
We can make this go away
