King of underworld  
Master of undead horde  
Your glory foretold  
We summon thee - our Lord

For Satan my blood  
For Satan my soul  
For Satan  
In hell I shall burn  
Forever and more...  
For Satan

Spread black wings  
Upon heavenly skies  
Falls your idol king  
The holy bastard - fuckin' dies

For Satan my blood  
For Satan my soul  
For Satan  
In hell I shall burn  
Forever and more...  
For Satan

Useless human meat  
Screaming and bleeding

King of underworld  
Master of undead horde  
Your glory foretold  
We summon thee - our Lord
