Si la mar era de leche
Yo me haria un pexcador
Pexcaria las mis dolores
Con palavricas de amor

Pexcaria las mis dolores
Con palavricas de amor

Dame tu mano palomba
Para suvir a tu nido
Maldicha que durmes sola
Vengo a durmir contigo

Maldicha que durmes sola
Vengo a durmir contigo

Translation :
(If the sea was milk
I would be a fisherman
I would fish for my sorrows
With words of love.

I would fish for my sorrow
With words of love.

Give me your hand my dove
To come up to your nest
Unlucky are you that sleep alone
I am coming to sleep with you

Unlucky are you that sleep alone
I am coming to sleep with you)
