'NEEDSUMLUV'

You really wanna leave her but you tied to her  
She know you dont' love her either and you lie to her  
But if I was her I would be on you day and night  
I take back what's mine because your kind is hard to  
find

But if she ain't gonna be watchin means you gotta skip  
Skip to the lady with that (mmm) because she well  
equipped  
Forget your pride, let me free your mind  
Let me get you high boy, I do just what you like

Cause I'm down for everything you need and who you  
are  
My door is always open and I'm never far  
You are my star

You tell me the story about who was right before me  
And how she became boring, you make her look so  
corny  
You ain't in love with her but she still lives in your heart  
But you be in my apartment, tearing me apart and

Jingling my jewellery, you don't know what you do to  
me  
I feel like you be using me  
I'm always where you choose to be  
And she stay where you choose to stay

I'm trynna make you choose today  
I'm trynna get you through today  
I'm trynna sort this through today

You know what's up  
You said you need to roll another O

Because I'm here for a reason and you know what

I need some love, oh, I want some love  
Oh I need some love, I want some love

....

I need some love, oh, I want some love  
Oh I need some love, I want some love  
I need some love, oh, I want some love
