To be the best of
The rest, the rest of
As you test her,
As you may.
Pressed against her,

Hoping that you,
Detect and pray.

Closer, getting closer, getting closer.

Across the line first,
And past the edge,
Across the line first,
Split second ahead.

Putting out the flames,
Seeing through the smoke.
Filling up my lungs,
Making me choke.
Staying in line,
Until the best time.
Taking what is mine,
I'm taking what is mine.

Closer, getting closer, getting closer.

Across the line first,
And past the edge,
Across the line first,
Split second ahead.

Don't(?) drives the end.
Ooh, don't live much faster than them.
When is this going to end?
Ooh, feeling the best of the win.
Going til I reach the end.
Going much faster than them.
When is this going to end?
Across the line first.

And that's the end.
Across the line first.
Split second ahead.
