You lit the fuse,
Abused that role the leader
And do everything that you choose to do.
What you think is right for you
Must be best for all.
They'll never agree with you.

So light the fuse and destroy it all.
Yeah, destroy it all.

Till your left in it, in your own ashes,
And there's nothing left at all,
And in that pile of ashes
There'll be nothing left for you to control anymore.

You lit the fuse
With that attitude that if I can't have it neither can you
Neither can you.
(Neither can you.)
So I don't expect no compromise
Coming from the side
Your mode has never surprised me.

So light the fuse and destroy it all.
Yeah, destroy it all.

Till your left in it, in your own ashes,
And there's nothing left at all,
And in that pile of ashes
There'll be nothing left for you to control anymore.

Go!

Light the fuse, and destroy it all.
Light the fuse, and destroy it all.
Woah!

Till your left in it, in your own ashes,
And there's nothing left at all,
And in that pile of ashes
There'll be nothing left for you to control.

Till your left in it, in your own ashes,
And there's nothing left at all,
And in that pile of ashes
There'll be nothing left for you to control.
